Definitions: The following are the definitions for the Performance Fact Sheet:

“Number of students Who began the Program” means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

“Students Available for Graduation” is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

“Number of On-time Graduates” is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

“On-time Completion Rate” is the number of on-time graduates divided by the number of students available for graduation.

“150% Graduates” is the number of students who completed the program within 150% of the program length (includes on-time graduates).

“150% Completion Rate” is the number of students who have completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

“On-time Graduates Available for Employment” means the number of on-time graduates minus the number of on-time graduates unavailable for employment.

“On-time Graduates Unavailable for Employment” means the on-time graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary, institution.

“On-time Graduates Employed in the Field” means on-time graduates who within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the placement shall be measured six months of the examination results for the first examination available after a student completes an applicable educational program.

“Placement Rate Employed in the Field” is calculated by dividing the number of on-time graduates gainfully employed in the field by the number of on-time graduates available for employment.

“Number of On-time Graduates taking First Available Exam” is the number of on-time graduates who took the first available exam after a student completed a program.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of on-time graduates who passed the exam by the number of on-time graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of on-time graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by on-time graduate or graduates employer.

“No Salary Information Reported” is the number of on-time graduates who after making reasonable attempts, the school was not able to obtain salary information for these on-time graduates.
